Salary Difference Between Men and Women, by Major Occupational Groups

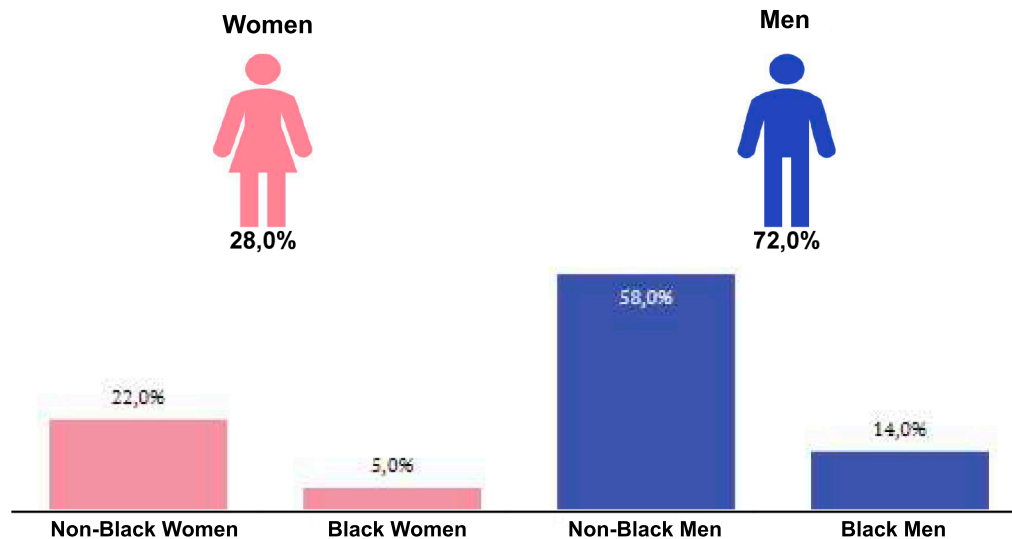

Values shown represent the percentage of women's compensation relative to men's compensation. Values greater than or equal to 100% indicate parity or a positive situation for women.

Legend: Average Monthly Remuneration (Blue), Median Contractual Salary (Pink)

For any occupational group without a calculated difference (for contractual salary or average remuneration), the absence is due to one of six reasons: (1) fewer than three women; (2) fewer than three men; (3) no women; (4) no men; (5) fewer than three men and fewer than three women; or (6) neither men nor women in that occupational group.
